

Frequently Asked Questions about VIDACELL™

Preserving life...
Because life is worth Living!

What is VIDACELL™?

VIDACELL™ is a unique functional food that provides the body's cells with the vital and essential nutrients necessary for optimal health. VIDACELL™ is regarded by many scientists and doctors as one of the most powerful polysaccharide & polypeptide functional foods available on the planet today.

Where does VIDACELL™ come from?

VIDACELL™ comes from the Siam Valley of Thailand. This is a region of the world that is known for having some of the most fertile and unadulterated soils ever found due to thousands of years of natural organic mineral accumulation.

What is VIDACELL™ made with?

VIDACELL™ is made with native strains of specifically selected fractions of rice grains that are harvested at the prime growth stage of life and at their highest nutrient content. These rice grains are so unique and pure that they are patented (**Thailand Patent #20399**) and are exclusive to VIDACELL™.

What is the process used to manufacture VIDACELL™?

VIDACELL™ is made by using a proprietary and innovative process of technologically advanced bioactivation, nanonization, and mechanical hydrolysis **known as Alphaglycanology**. This proprietary process extracts vital nutrients, and reduces the particle size for enhanced absorption, to obtain the most bioavailable essential nutrients necessary for the cellular energy production process.

How are the polysaccharides & polypeptides in VIDACELL™ different from other foods or products that have polysaccharides & polypeptides?

The polysaccharides & polypeptides in VIDACELL™ are the only known Alpha-Glycans, which means the structures are so small that they can be assimilated 100% by the body and therefore be totally absorbed into the cells. Other polysaccharides & polypeptides are Beta-Glucans, which are larger molecules and cannot be totally assimilated into the cell. It is the proprietary process used to manufacture VIDACELL™ that assures

VIDACELL™ possesses the functional characteristics that are needed in order to be recognized by the body's cells.

How does VIDACELL™ work?

VIDACELL™ is readily assimilated and utilized by the body as a food, and works to enhance the body's natural healing process by stimulating the mitochondria to produce ATP (cellular energy); allowing DNA repair to take place and thus helps to reduce the impairment of glucose/energy metabolism.

What are some of the most common benefits of taking VIDACELL™?

- | | |
|-----------------------------------|------------------------------------|
| Enhances the Immune System | Helps Fight Emotional Stress |
| Improves Energy Level | Improves Overall Mental Vitality |
| Helps Eliminate Toxins | Helps in Increasing Attention Span |
| Assists Digestion and Metabolism | Improves Elimination |
| Promotes Circulation to the Brain | Enhances Hormonal Function |
| Balances Sleep Patterns | Helps Fight Free Radicals |
| Improves Vitality and Stamina | Supports Respiratory Function |
| Helps Fight Depression | Improves Skin Condition |

When should I expect to notice or feel a difference from taking VIDACELL™?

This can vary depending on the overall health of the individual and the amount of VIDACELL™ that they are consuming. In many cases VIDACELL™ can produce positive results in just a few days, while in other cases it can take up to twelve weeks.

Is VIDACELL™ all natural?

VIDACELL™ is 100% all natural and pure. It is hypoallergenic and contains no dairy, wheat, gluten, sugar, chemicals, fillers, binders, artificial colors, artificial flavors, additives, or preservatives and it contains NO genetically modified organisms (non-GMO)

What is the best way to take VIDACELL™?

The best way to take VIDACELL™ is to stir it into a 4-6 oz. glass of warm to hot water until it dissolves. Other acceptable ways to take VIDACELL™ would be to mix it with other liquids (preferably warm) such as; tea, coffee, etc. or even sprinkled over food.

Is there a better time of the day to take VIDACELL™?

VIDACELL™ can be taken at any time of the day or night. However, many people find that they experience improved digestion when they take VIDACELL™ 15 minutes prior to a meal.

Can children and elders take VIDACELL™?

Yes, VIDACELL™ has shown to rapidly boost the overall health of children and the elderly.

Is VIDACELL™ safe for pets?

Because VIDACELL™ is not species specific; it can be given to pets without any problems. Just sprinkle a little into their food (one-half to one teaspoon, depending on the size of the animal) and encourage them to drink plenty of water. Giving your pet VIDACELL™ can be very beneficial to their overall health and wellness.

Should healthy people take VIDACELL™?

Yes, VIDACELL™ is beneficial for everyone. Even healthy people are continuously being bombarded and exposed to free radical damage from UV radiation, the air they breathe, the water they drink, and even the foods they eat. Supplementing with VIDACELL™ can help maintain ones good health.

How much VIDACELL™ should I take each day?

The recommended daily serving size can vary from person-to-person depending on their weight, size and current medical condition. It is recommended that adults take 1-3 servings per day for daily maintenance. Adults who have digestive disorders, or fatigue problems should take 3 servings per day for a few weeks, or until the undesirable aging symptoms have subsided. Children should take half of the suggested adult servings. Elderly should take 1-2 servings daily.

Is VIDACELL™ safe for pregnant or lactating women?

Even though VIDACELL™ is an all natural functional food that can provide many basic nutrients needed by most women, and it has never caused any problems in pregnant or lactating women, it is still recommended that ALL pregnant and lactating women consult with their physician before taking VIDACELL™ as they would any supplement.

Does VIDACELL™ interact with other supplements or prescription medications?

VIDACELL™ does not cause any interaction with drugs, supplements, or food. It does, however, improve the assimilation and utilization of your food, supplements, and any medications you may be taking. This means you may need to modify the amount of medication and/or supplements you are taking. **Note:** Do not stop or change dosage of any prescription drugs you are taking without first consulting with your physician and/or healthcare practitioner.

Will I go through a “healing crisis” (detox)?

A healing crisis is when the body’s natural defense system begins waging war on the impurities in your body by trying to purge them. People whose systems are quite toxic may go through a healing crisis. During this time, symptoms may worsen. However, this healing crisis will normally only last a few short days and when over, the body is much healthier. Improvements in health will be extremely noticeable. The healing crisis can be uncomfortable, but once it has passed people are astounded at how well they feel.

Is VIDACELL™ beneficial in assisting wound healing?

Yes, very much so. Just mix VIDACELL™ with distilled water or a little saline solution to form a paste. Apply the paste to the affected area and cover it with a gauze bandage if necessary. VIDACELL™ can be applied several times a day. It's very beneficial for cuts, burns, abrasions and various skin disorders. Its epithelial growth factors stimulate healing.

Why does VIDACELL™ packaging have a disclaimer that says: "This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease"?

This statement or "disclaimer" is required by law (DSHEA) when a manufacturer makes a structure/function claim on a food supplement label. In general, these claims describe the role of a nutrient or ingredient intended to affect the structure or function of the body. The manufacturer is responsible for ensuring the accuracy and truthfulness of these claims; they are not approved by FDA. For this reason, the law says that if a food supplement label includes such a claim, it must state in a "disclaimer" that FDA has not evaluated this claim. The disclaimer must also state that this product is not intended to "diagnose, treat, cure or prevent any disease," because only a drug can legally make such a claim.

Can VIDACELL™ be purchased anywhere else?

No, VIDACELL™ can only be purchased from a GreatLife International Independent distributor.

These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.
